Tired of the sponsor struggle? **Let's fix that**

The immersive coaching experience that turns sponsorship frustration into real revenue.

Are you struggling to get more Sponsorship Revenue?

Most event organizers are brilliant at running events.

30%–40%

of event revenue comes
from sponsorships

But when it comes to sponsorship, they're stuck guessing and unable to close sponsor deals.

Sound familiar?

-  You don't know how to find the right sponsors
-  You've sent pitch decks that go nowhere
-  You're struggling to define what makes your event valuable
-  You're unsure how to price your sponsorship assets
-  You sent our proposals, but aren't closing sponsor leads

What is Sponsor Genius Bar?

Sponsor Genius Bar is a community program built to help event organizers land more (and better) sponsors.

You'll learn how to:

- 🔍 Identify your true sponsor value
- 💰 Price and package your assets
- 💻 Pitch with confidence
- 🔄 Build repeatable systems that drive consistent revenue

For organizers ready to stop winging it and start winning it.

Tired of expensive courses with little support? So were we.

Most courses give you theory, templates, and a Slack group that dies in a week. We built something better.
